

Clawnagers

K-12 AI AGENT BUILDING PROGRAM | FALL 2026 CALIFORNIA LAUNCH

YOUR STUDENTS BUILD REAL AI AGENTS

8 weeks. Real outcomes. A stage in San Francisco.

Unlike existing programs that stop at prompts and theory, Clawnagers students build AI agents that actually work in the real world.

WEEKS 1-2: FOUNDATION

- Personal AI agent with custom personality
- Web search and information gathering capabilities

Outcome: Working conversational agent

WEEKS 3-4: ADVANCED SKILLS

- Memory systems and context management
- Security awareness and prompt injection defense

Outcome: Smart, secure AI assistant

WEEKS 5-6: REAL-WORLD DEPLOYMENT

- Live platform integration (Discord, Telegram)
- Problem-solving agent design

Outcome: Agent serving real users

WEEKS 7-8: COMPETITION READY

- Custom project development
- Demo Day preparation and presentation

Outcome: Polished project for SF competition
